

A FUSION *of* TWO STYLE ICONS
CHÂTEAU SUPRÊME
BY FERRIS RAFAULI

My goal was to respect over 100 years of La Cornue heritage and DNA yet create a timeless art piece for the modern day culinary connoisseur. The end result is breathtaking, making it the centerpiece of the home and jewel of the kitchen.

FERRIS RAFAULI

EXQUISITE *and* EXCLUSIVE
SINGULARLY LA CORNUE

The 'Château' range is an icon of the French art of living throughout the world. Reworked by Ferris Rafauli, this new version is the ultimate in sophistication. To create it, the designer considered and revised each element of the range to bring out its most quintessential qualities, taking the precision of the lines and details to a whole new level. Hour upon hour was spent on selecting the materials, working tirelessly and making adjustments to bring his totally unique vision to life. From the engraved french plaque to the Art Deco inspired toe kick, to the redesigned control knobs, solid walnut chopping block, and leather-covered hood – every detail has received renewed attention.

This exceptional piece is truly astonishing to behold.

THE FLAMBERGE RÔTISSERIE SUPRÊME:
A MASTERPIECE IN MOTION

Both a culinary instrument and a work of art, the Flamberge Rôtisserie Suprême brings the romance of traditional French roasting into the modern luxury kitchen. Within its cast iron chamber, radiant heat rises through a vaulted interior to slowly roast meats, poultry, fish, and vegetables to exceptional perfection. Three motorized spits create a captivating display, while exclusive Ferris Rafauli details, signature colors, and Art Deco-inspired controls make this an unforgettable expression of French craftsmanship and luxury living.
